A SPACE TO CELEBRATE HER

Bridal and Mother's Blessings are a sacred gathering to celebrate a woman's rite of passage into marriage or motherhood. Rooted in love, support and intentionality these blessings create a ceremonial space to bond with the women closest to you and to honor the feminine. Unlike traditional showers, the main focus is on connection and empowerment through words of wisdom and encouragement, intentional wellness practices as well as thoughtful and heartfelt rituals. Our deeply meaningful blessings are a tribute to the sacredness of birth and union and a cherished and celebratory event to be remembered.

THE BLESSING MANUAL FOR YOU

We believe every woman deserves to be enveloped by love, support and confidence as she moves through the sacred rite of passage toward Motherhood or Sacred Union. Our cherished blessings are curated to help you release fears, to feel strong, empowered and blessed on this journey. This manual is meant to allow you to tap into the magic and sacredness of our Blessing Experiences and to find more peace, courage and empowerment today.

RELEASE

A Cleansing Ritual

A powerful cleansing ritual to release fears and
worries so you can show up fully and open
hearted for the next chapter of your evolution.

CLEANSING Ritual

Cleansing Ritual w Sage

Allow yourself some peace and quiet for your ritual.

1. Turn off all electronics and distractions and open a window in each room since sage has a strong scent. This will also allow for stagnant energy to clear out faster.
2. Tie your hair back and wear comfy clothes in case there is some ash falling off the sage stick. Fire hazard!
3. Light the sage stick and wait for the flames to cover about a quarter of the stick before blowing out the flames. The produced smoke will do the cleansing.
4. Place the smoking sage stick in a heat-proof container and walk slowly around each room. Pay special attention to the corners of each room. Walk slowly, ash can be a fire hazard!
5. Walk around with the intention to cleanse out the old and to create space for more peace, joy and happiness to enter the space or use our cleansing prayer (next page)
6. After your house is cleansed, hold the sage stick in front of your heart space, close your eyes and end the ritual by allowing the sage to surround and cleanse you, through your awareness and your intention.
7. If the sage stick is still smoking after your ritual make sure to press the burned end of the stick into the heat-proof container to extinguish the smoke completely. Allow the sage stick to cool down for at least 2 hours before storing it.*

Organic Sage can be found here: <https://amzn.to/4ilt5ew>

*
If you are pregnant or sensitive to scent, we would recommend to test burn a little bit of sage and just see how your body response to the scent, before saging the whole space in case you feel nauseous. If you are pregnant or sensitive to scent, we also recommend to have someone present for the ritual as support.

CLEANSING RITUAL

Cleansing Ritual w Purple Flame Visualization

Visualize a purple flame moving through every single room of your home and around your body. Send the purple flame through each room of the home with your intention to transform unserving energies into light, balance and love or speak our cleansing prayer as you visualize the purple flame. Finish up the ritual by allowing the purple flame to surround you and to cleanse out anything out of your energy field that is not of the highest light and not unconditional love.

CLEANSING PRAYER

Choosing wording according to your ritual (sage or purple flame)

I, here and now allow sage/the purple flame to cleanse my space. May any heaviness, any darkness, and any stagnant energy be dissolved with sage/the purple flame into light, may it be transformed into lightness, into peace, abundance, joy, happiness, health and balance. May anything that is not of the highest light and of unconditional love be cleansed from the space and from my body. May what is cleansed from the space and from my body be filled with love, with light, with prosperity, with joy, pleasure, play and ease. Thank you. Thank you. Thank you. It is done. It is done. It is done and so it is.

GROUND

A Grounding Practice

Release stress and tension from the body so
you can trust, so you can reclaim safety within
and find balance.

GROUNDING PRACTICE

GROUND & RELAX through Meditation and Breath

When you feel anxious, stressed or out of balance, the fastest way to come back to a balanced state is through Mindfulness and Breathwork. Through Mindfulness we bring the awareness back to ourselves and to our body, which calms down the nervous system. Through Breathwork we can release tension and stress from the body so we can cultivate more peace, stillness and balance within. We recorded a Somatic Grounding Practice for you followed by a 6-Minute Daily Breathwork Practice to reset the nervous system and to release stress and tension from the body. The recorded Practice can be found here: <https://youtu.be/IEUVgtzJORo>

Disclaimer for Pregnant Women: The 3-Minutes of Cleansing Breathwork of the 6-Breathwork Practice is not suitable for pregnant women as it is activating the nervous system. If you still want to give the practice a try, we would recommend to utilize the grounding practice and to only take calming breaths in and out of the nose during the Breathwork portion of the practice. You can also utilize our Free Stress Reset with Meditation & Sound that is just as helpful to ground and relax the body. This practice is suitable for everyone: <https://stan.store/tanatarahaaling>
